ADDITIONAL ADULT LIVING IN UNIT

The Housing Authority of Alexander City Section 8 Policy states that no adult person(s) other than those listed on the lease and application shall live in the unit other than on a temporary basis and/or not exceeding 30 days. This is to ensure that the Total Tenant Payment is accurately based on the total monthly income of that household unit.

If this situation should arise during the term of the lease, I agree to contact the PHA with the additional information. I realize that failure to do this could result in repayment of the rent and possible theft and fraud charges under the state and federal law.

I understand the above statement. There is no other adult living/staying in the unit now other than whose name(s) is on the application and lease. I agree to notify the PHA if this should change.
